

ECOLE POLYTECHNIQUE - INTERNATIONAL EXCHANGE PROGRAM

The procedure for admissions to the “International Exchange Program” (academic year 2011/2012), that includes the Erasmus exchanges has begun. It is aimed at European candidates having achieved three to four years of undergraduate studies in Science or in Engineering, with excellent academic results in Science. This program which lasts from three to twelve months offers the Erasmus students the possibility to attend the courses of the “Ingénieur polytechnicien” curriculum and/or to carry out a research internship in one of our 22 laboratories.

You will find more information on Ecole Polytechnique and the International Exchange Program on our website:

<http://www.polytechnique.edu> or by e-mail: international-pi@polytechnique.fr

The application forms are available on our website:

<http://www.admission.polytechnique.edu/home/exchange-programs/international-exchange-program/how-to-apply/>

The brochure can be downloaded at

<http://www.admission.polytechnique.edu/home/exchange-programs/international-exchange-program/>

The DEADLINE for applications is April 1, 2011.
